

Language Course Sequence

IMPORTANT NOTES

- Not every language course is offered each quarter. Chinese language courses are offered in sequence: A (Fall), B (Winter), and C (Spring), with no summer courses.
- To fulfill a 4-quarter language requirement, you must complete CHIN 20AN/M/D.
- A placement interview is NOT the same as a proficiency test.
 - a. Placement Interview = An instructor determines which level course you may enroll in.
 - b. Proficiency Test = An instructor determines your language proficiency.
- *You must complete your placement interview or proficiency test BEFORE enrolling in classes*
- If you plan to petition Study Abroad courses for your language requirement, please submit all course materials and your petition as soon as your Study Abroad credits have transferred.

Below you can find the tentative course offerings for the academic year, as well as a sample plan for use as a guide. Note that there are three separate tracks: Chinese for non-native speakers (N), Chinese for Mandarin speakers (M) and Chinese for Dialect Speakers (D).
